### State Certified Teachers

English instruction is offered by state certified teachers who have years of experience in an ESL/EFL classroom both large and small group setting.

### Make it Personal

Host families are selected based on their desire to integrate a student into their family life and be a student themselves of diverse cultures while sharing their own. Host families enjoy including their student in daily routines and special family celebrations and outings. All host families are subject to a background check and home visit including character references.

### 24/7 access

Students, parents, and host families have 24/7 access to EastToWest Learning staff.
